

**Exceptional Pupils
Kindergarten through 12th Grade
Endorsement to Provide Audiological Services**

To receive an endorsement to provide a program of audiological services, a person must:

1. Hold a valid Certificate of Clinical Competence as an audiologist issued by the American Speech-Language-Hearing Association (ASHA); **or**
2. Hold a master's degree in audiology from an institution accredited by a regional accrediting association; **or**
3. Hold a master's degree in any subject, **and**
4. Have completed the following:
 - a. At least 300 hours of supervised clinical experience in audiology or speech pathology, or both; **and**
 - b. At least 60 semester credits in courses related to the normal development, function and use of speech and language or hearing, including, but not limited to, the management of disorders of speech or hearing and the legal, professional and ethical practices of audiology or speech pathology. At least 24 credits, not including credits earned for a thesis or dissertation must have been earned in courses directly relating to audiology or speech pathology.
